HB2894 Paraphrase: HB2894, by Rep. Zack Taylor, R-Seminole and Sen. Marty

Quinn, R-Claremore, relates to professions and occupations. The bill defines applicable terms. The bill requires all state and political subdivision licensing

authorities to revise their existing licensing requirements to explicitly list the specific criminal records that would disqualify an applicant from receiving a license. It prohibits licensing authorities from using nonspecific terms including, but not limited to, "moral turpitude" and "good character", or consider arrests that are not followed by a valid conviction. It also requires licensing authorities only list disqualifying criminal records that are specific and directly related to the duties and responsibilities for the licensed occupation. It limits a disqualification for a valid criminal conviction for a crime to no more than five years from the date of conviction, provided that the conviction is not for a crime that is violent or sexual in nature and the individual has not been convicted of any other crime during the five-year disqualification period. It requires all licensing authorities to meet the requirements listed in this section within 120 days after the effective date of the bill. The bill applies the requirements to any new occupational licenses that are created after the bill takes effect. It prohibits political subdivisions from creating any new occupational licenses after the effective date. It permits an individual with a criminal record to petition a licensing authority at any time for a determination of whether the individual's criminal record will disqualify the individual from obtaining a license. The bill establishes requirements for the petition. The bill requires the petition include details on the individual's criminal record. The bill requires the licensing authority to inform the individual of his standing within 30 days of receiving the petition from the applicant. It permits the board to charge a fee not to exceed \$25 for each petition. It requires the licensing authority to promulgate necessary rules. (Amended by House, Committee Substitute)

SB0890 Paraphrase: SB0890, by Sen. Josh Brecheen, R-Coalgate and Rep. Sean

Roberts, R-Hominy, creates the Oklahoma Health Care Cost Reduction and Transparency Act of 2018. The bill defines applicable terms. It requires the State Department of Health to make available to the public on its website the most current price information it receives from hospitals and ambulatory surgical facilities. It requires any data disclosed to the department by a hospital or ambulatory surgical facility be and remain the sole property of the facility that submitted it. It requires any data or product derived from the data disclosed, including a consolidation or analysis of the data, be and remain the sole property of the state. The bill prohibits the department from allowing proprietary information it receives pursuant to the provisions of the act to be used by any person or entity for commercial purposes. It requires, beginning with the quarter ending June 30, 2019, each hospital that bills Medicaid provide to the department, utilizing electronic health records software, the following information about the one hundred most frequently reported admissions by diagnostic-related groups for inpatients, as established by the board on an annual basis, along with the related Current Procedural Terminology (CPT) and Healthcare Common Procedure Coding System (HCPCS) codes: the amount

that shall be charged to a patient for each diagnostic-related group if all charges are paid in full without a public or private third party paying for any portion of the charges; the amount of Medicaid reimbursement for each diagnostic-related group, including claims and pro rata supplemental payments; and the amount of Medicare reimbursement for each diagnostic-related group. It requires the hospitals to redact the names of the insured and any other information that would otherwise identify such individuals prior to providing the information. The bill requires the Board of health to promulgate rules on or before March 1, 2019, to ensure the bill's provisions are properly implemented and that hospitals report this information to the department in a uniform manner. It requires that the rules include the 100 most frequently reported diagnostic-related groups for inpatients for which hospitals are required to provide data and specific categories by which hospitals shall be grouped for the purpose of disclosing this information to the public on the department's website. It requires each hospital and ambulatory surgical facility the bills Medicaid, beginning with the quarter ending Sept. 30, 2019, to provide to the department utilizing electronic health records software, information on the total costs for the 100 most common surgical procedures and the 50 most common imaging procedures, by volume, performed in hospital outpatient settings or in ambulatory surgical facilities as established by the board on an annual basis, along with the related CPT and HCPCS codes. It requires the board to promulgate rules on or before June 1, 2019, to ensure proper implementation of the requirement and that hospitals and ambulatory surgical facilities report this information to the department in a uniform manner. The bill requires the rules include the list of the one hundred most common surgical procedures and the fifty most common imaging procedures, by volume, performed in a hospital outpatient setting and those performed in an ambulatory surgical facility, along with the related CPT and HCPCS codes. It requires a hospital or ambulatory surgical facility, upon patient request, to provide the information required to be reported to the department for a particular diagnostic-related group, imaging procedure or surgery procedure reported in this section, to the patient in writing, either electronically or by mail, within three business days after receiving the request. The bill requires the department to provide a hyperlink on its website to state and federal websites which provide information on hospital quality. It requires hyperlink be

conspicuous and posted prominently on the department's website. The bill exempts hospitals or ambulatory surgical centers which do not accept Medicaid or Medicare funds for the provision of medical services and permits those facilities to submit such information voluntarily to the department voluntarily. It permits the State Commissioner of Health to suspend or revoke the license for the operation of a hospital or ambulatory surgical center that violates the provisions of the act. The bill requires the program to comply with the certain standards for transmitting, directly or through an intermediary, prescriptions and prescription-related information using electronic media. The bill requires the Commissioner of Health, in consultation with the State Board of Pharmacy to develop no later than July 1, 2020, a uniform formulary exception form that allows health care providers to request exceptions from group purchaser formularies using a uniform form. It then requires all health care providers to submit requests for formulary exceptions using the uniform form, and it requires all group purchasers to accept the form. It requires, no later than Jan. 1, 2020, that the uniform formulary exception form be accessible and submitted by health care providers and accepted and processed by group purchasers that secure electronic transmissions. The bill also requires the Commissioner of Health, in consultation with the State Board of Pharmacy, to identify an outline on how best to standardize drug prior authorization request transactions between providers and group purchasers with the goal of maximizing administrative simplification and efficiency in preparation for electronic transmissions no later than Feb. 15, 2019. It requires the State Board of Pharmacy, no later than Jan. 1, 2020, to develop the standard companion guide by which providers and group purchasers will exchange standard drug authorization requests using electronic data interchange standards, if available, with the goal of alignment with standards that are or will potentially be used nationally. It requires, no later than Jan. 1, 2021, drug prior authorization requests be accessible and submitted by health care providers, and accepted by group purchasers, electronically through secure electronic transmissions. It requires facsimiles not be considered electronic transmission. The bill defines applicable terms. It

provides a pharmacist who receives a written, oral or facsimile prescription will not be required to verify that the prescription falls under one of the exceptions provided in the bill and permits the pharmacist to continue to dispense medications from otherwise valid written, oral or facsimile prescriptions that are consistent with current laws and regulations. SB1174 Paraphrase: SB1174, by Sen. Kimberly David, R-Porter and Rep. Glen

Mulready, R-Tulsa, creates the Freedom to Work Act. It prohibits any Oklahoma political subdivision from imposing any occupational fees or licensing requirements on any profession if the political subdivision does not already impose occupational fees or licensing requirements on that profession, notwithstanding any other provisions of law or rule. It allows the political subdivision to continue to so regulate any profession or occupation that is subject to occupational fees or licensing requirements on or before Nov. 1, 2018, if the occupation fees do not exceed \$25 per year. It prohibits the existing occupational fees from applying if they do not exceed \$25 and requires the licensing authority to immediately reduce occupational fees in accordance with the limits set therein. It prohibits any political subdivision of the state from imposing any regulations on such professions that add additional licensing

requirements to those already imposed by a state licensing authority. It requires all state and political subdivision licensing authorities to waive all initial occupational fees and fees from licensing requirements for low-income individuals. It requires initial fees to be waived for military families, and young workers. It requires individuals seeking a waiver of initial occupational fees and fees from licensing requirements to apply to the appropriate licensing authority in a format prescribed by the licensing authority. It prescribes a licensing process. It requires all state or political subdivision licensing authorities to terminate all existing contracts with professional lobbyists and private entities that include a scope of work to provide lobbying services for a licensing authority. It prohibits the purchase of any new lobbying services by use of funds from procurement or the income from a licensing authority's activities from Nov. 1, 2018. It requires all state and political subdivision licensing authorities to revise their existing licensing requirements to explicitly list the specific criminal records that would disqualify an applicant from receiving a license. It prohibits the use of non-specific terms. It requires licensing authorities to only list disqualifying criminal records that are specific and directly related to the duties and responsibilities for the licensed occupation. It provides for license disqualification. It requires all licensing authorities to meet the requirements therein within 120 days after Nov. 1, 2018. It prohibits political subdivisions from creating any new occupation licenses after Nov. 1, 2018. It allows an individual with a criminal record to petition a licensing authority at any time for a determination of whether the individual's criminal record will disqualify the individual from obtaining a license after the 120 day period. It provides requirements for the petition. It prohibits all political subdivisions from enforcing minimum wage laws that differ from this state's minimum wage laws. It prohibits any new minimum wage laws from being enacted by political subdivisions from Nov. 1, 2018. It requires Oklahoma's minimum wage laws remain in effect, and the minimum wage for political subdivisions will remain the same as the state's minimum wage. It provides for the creation for new apprenticeships. (Amended by Senate, Stricken Title, Committee Substitute)

SB1446 Paraphrase: SB1446, by Sen. Anthony Sykes, R-Moore and Rep. Dale Derby,  R-Owasso, requires the Board of Medical Licensure and Supervision to require that a licensee receive not less than two hours of education in pain management and opioid use and addiction each year preceding an application for renewal of a license, unless the licensee has demonstrated to the satisfaction of the Board that the licensee does not currently hold a valid federal Drug Enforcement Administration registration number. It modifies the definition of "unprofessional conduct" to include prescribing, dispensing or administering opioid drugs in excess of the maximum dosage. It adds definitions for "acute pain," "chronic pain," "initial prescription," "pain management agreement," "serious illness" and "surgical procedure." It authorizes the Oklahoma State Bureau of Narcotics and Dangerous Drugs to provide unsolicited notification to the licensing board of a pharmacist or practitioner if a patient has received one or more prescriptions for controlled substances in quantities or with a frequency inconsistent with generally recognized standards of safe practice. The bill prohibits a practitioner from issuing an initial prescription for an opioid drug which is a prescription drug in a quantity exceeding a seven-day supply for treatment of acute pain for an adult patient, or a seven-day supply for treatment of acute pain for a patient under the age of 18. It requires any prescription for acute pain pursuant to be for the lowest effective dose of immediate-release opioid drug. It allows that no less than seven days after issuing the initial prescription, the practitioner, after consultation with the patient, to issue a subsequent prescription for the drug to the patient in any quantity that complies with applicable State and federal laws. It requires that before issuing an initial prescription of a Schedule II controlled dangerous substance or any opioid drug which is a prescription drug in a course of treatment for acute or chronic pain and again prior to issuing the third prescription of the course of treatment, a practitioner must discuss with the patient, or the patient's parent or guardian if the patient is under 18 years of age and is not an emancipated minor, the risks associated with the drugs being

prescribed. It requires that at the time of the issuance of the third prescription for a prescription opioid drug, a practitioner must enter into a pain management agreement with the patient. It requires that any provider authorized to prescribe opioids to adopt and maintain a written policy or policies that include execution of a written agreement to engage in an informed consent process between the prescribing provider and qualifying opioid therapy patient. It requires the Insurance Department to evaluate the effect of the limits on prescriptions for opioid medication established on the claims paid by health insurance carriers and the out-of-pocket costs. It requires the Insurance Department to submit a report on the evaluation, along with any recommended policy and regulatory options that will ensure costs for patients are not increased as a result of new prescribing limitations on the amounts of opioid medications, to the standing committees of the Legislature having jurisdiction over health and human services matters and over insurance and financial services matters. It authorizes the committees to report out legislation related to the evaluation to the Second Regular Session of the 57th Oklahoma Legislature. It requires the Oklahoma State Bureau of Narcotics and Dangerous Drugs to report to the committees no later than January 31, 2020, with progress of implementation. Osborn, R-Mustang, renames the leave sharing program as the Leave of Last Resort program which will serve as the leave sharing program for state employees who have exhausted annual or sick leave to receive paid Leave of Last Resort through donated leave. It specifies when a qualified employee may use the program. It requires that donations to the leave bank may only be made from accrued sick or annual hours. It requires a minimum donation of accrued leave for an employee to become a member of the leave bank but makes donations strictly voluntary. It states that donated hours cannot be returned to the donor. It directs requests be made through the annual Benefit Open Enrollment Period, and additionally throughout the year if needed. It specifies how a member may access the program and outlines membership details. The bill directs the Human Capital Management Division of the Office of Management and Enterprise Services shall develop a procedure to establish the donation process and define minimum donation requirements. It deletes obsolete language. The bill also directs the Human Capital Management Division to review and evaluate applications to determine leave awards. The bill outlines how awards may be granted and other eligibility criteria. It allows any unused donated leave balance by a member who receives donations and terminates employment with the state before they are exhausted, to be returned to the leave bank. It adds that members leaving employment with the state are not entitled to payment of awarded, but unused leave bank hours.
